Holy Family Summer Camp is a faith-based program with fun weekly themes! See below for a description of each one:

Week 1: Gardening/How Plants Grow

Learn how to grow a plant by taking care of it and seeing what type of plant thrives best here in the Washington summer season! We will talk about how plants grow, what grows around us, and more. Lots of nature walks will follow suit.

Week 2: The Human Body/Movement

How do my legs run? How does my body digest food? Get to know yourself and test those strong growing muscles by trying different types of sports activities you may have never known you would have liked!

Week 3: Animal Week

There are so many different types of animals; insects, mammals, amphibians, etc. Learn what type of animal lives where and how they thrive in their environment. What type of animals do you find in Washington on a daily basis?

Week 4: Movies, Theater, Drama

What are the origins of theater and movies? From Shakespeare to silent films and beyond, learn about the historical timeline that brought us to blockbuster giants we know and love today. Plus, take an opportunity to put on a short scripted show of your own!

Week 5: Across the World

Celebrate and learn about what makes each continent so unique! From the cold Andes mountains in South America to the warm tropical climates in parts of Asia, there is no shortage of diversity amongst different regions of the world.

Week 6: Water Systems

From lakes, rivers, and oceans, to Washington's very unique sounds, we will explore how water=life. Holy Family is also located walking distance from Long Lake. Fun times to come!

Week 7: Technology

We'll talk about how technology has shaped our lives, has advanced our evolution and livelihoods as humans, but has also hindered us in some ways. A landline? What's that! What's Sega? I want my PS5 back!

Week 8: Emergency Services

Our heroes on the streets, in the forest, in the water, in the air, and overseas do so much for us. Let's take a look at what makes each service so unique and how they contribute to our daily lives and freedoms.

NOTE: Field trips and visits on-site are possible; however, they are undetermined at the moment due to current COVID restrictions in place. Please let us know if you would like to volunteer for field trips that require driving a few students at a time. If we are able to plan these events, a permission slip will be sent home to families to fill out ahead of time before said trip or visit.
